LOCATION & ASSIGNMENT OF CREWS

Fork Complex – CA-SHT-002067

STATE: California

ICP is located in Hayfork, CA, approximately 65 miles west of Redding, CA. The Fork Complex is comprised of more than 40 lightning-caused fires on the Hayfork Ranger District of the Shasta-Trinity National Forest. California Type 1 IMT Team #4 (IC Rocky Oplinger) is managing the Fork Complex in unified command with CalFire (IC Donna McCain). ICP is at the Hayfork Fairgrounds with base camp at Hayfork High School. All three crews assigned to this fire complex worked productively and safely yesterday. Today's assignments are very similar.

PR-MA#3 and FL-ST#2 remain assigned to Division O, the Peak Fire, establishing and improving indirect control lines, and improving and patrolling existing containment lines.

GA-MA#1 remains assigned to Division J, the Rail Fire, establishing, improving and patrolling containment lines.

2015 River Complex – CA-SHF-002066

STATE: California

ICP is located in Willow Creek, CA, approximately 105 miles west of Redding, CA. The River Complex started on 7/30/2015 and is comprised of four lightning-caused fires burning on the Shasta-Trinity and Six Rivers National Forests for a sum total of 12,524 acres. The River Complex is 8% contained as of 8/6/2015 @ 1800 hrs and there are 515 resources assigned to this fire with additional resources arriving daily. California Type 1 IMT #3 (IC Mark Vontillow) is managing this Complex. The ICP is located at Veterans Field about 1 mile north of Willow Creek. Both the GA-ST#2 and FL-MA#1 crews are now assigned to this complex.

Today both FL-MA #1 and GA-ST#2 will be working in Branch 1, Division A, working on securing and mopping up a 35 acre "slop-over" fire that had crossed Division A.

MORALE OF CREWS:

Very good.

INJURIES:

A crewmember on GA-MA#1 suffered a corneal abrasion of his left eye near the end of shift on Thursday 8/6 while sharpening a chain saw. This firefighter was assessed by the medical unit, then examined and treated by an emergency room doctor late on 8/6. He returned to camp overnight. Due to continued pain, swelling, and watering of the eye on Friday

IARR DAILY CREW REPORT

Tampa Module #2

morning 8/7, he was examined and treated by an ophthalmologist in Redding on 8/7. Following one day of light duty on Saturday 8/8, the firefighter is expected to resume full duties on Sunday, 8/9.

MESSAGE:

PR-MA#3, FL-ST#2, and GA-MA#1 continued making good progress on their assignments yesterday on the Fork Complex. Crews know their ground and their assignments, and are working well with their adjoining forces. As of today, the Fork Complex is the highest priority fire in the country. The 40 original fires are now 5 major ongoing fires. Total size is 14,434 acres, 9% contained, with 1,349 personnel assigned. Thursday night's public meeting in Hayfork was attended by more than 80 people, with an additional 120 people participating online. Local residents were appreciative of the efforts and professionalism of the firefighters on the Fork Complex.

The Deerhorn 2 fire began to downsize their resources yesterday as progress had been made on containing this fire. Both GA-ST#2 and FL-MA#1 were released yesterday after end of shift from this incident and were reassigned to the River Complex as C-44 and C-45, respectively. The IC for the Deerhorn 2 fire was extremely pleased with both the crews upbeat attitude and outstanding work accomplishments. The IC highly recommended our crews to Vontillow's IMT, managing the River Complex.
